RATIONALE/OBJECTIVE:

Participation in interscholastic/extracurricular (extracurricular) activities in Cobb County School District (District) schools is a privilege. Students participating in these activities are considered to be school leaders. They are role models who represent their school and more importantly, depict its character. With leadership comes additional responsibility and student participants must adhere to high standards of conduct. When students violate these high standards, the District may withdraw the privilege to participate in interscholastic / extracurricular activities. The purpose of this code of conduct is to establish a minimum expectation of behavior.

RULE:

A. PROCEDURES:

1. **Time in Effect:** Except as specifically provided, the following behavioral expectations and prohibitions apply 365 days a year, 24 hours a day, in and out of the specific extracurricular season, and on or off school grounds.
2. Parents/guardians and/or students must report any arrest of a student or behavior in which law enforcement is involved, to their high school administration or coach within two weeks (14 calendar days) of the arrest or behavior. The two-week time frame includes weekends, school holidays and summer vacation. Failure to report arrest or behavior will result in the student's consequences for the behavior in question being doubled and possible additional consequences for failure to report the behavior.

3. Provisions:

- a. Sponsors/Coaches should investigate policy violations and report to the school administration. The Principal or designee should make all determinations of penalties, in consultation with the coaches, sponsors and the District Athletic Director, as appropriate.
- b. Unless otherwise specified, periods of suspension from activities do not include preseason workouts and other preseason activities. Such student's ability to participate in preseason activities will be determined by the Principal or designee in consultation with the coach. During the student's period of suspension the student cannot have contact with the team during any team activities.
- c. Students cannot attempt to evade the intent of the Rule by joining a new sport specifically to allow their suspension days to run their course. If a student athlete participates in a sport that he/she had not been previously involved with, he/she must complete the season of the new sport in good standing in order for the suspension days to count.
- d. Transferring from one District school to another does not relieve the student from the consequences for a violation of this Rule. Should a student choose to transfer outside of the District, the designated school administrator or the school athletic director will contact the new school to inform them of the violation and the resulting penalty. The District may also honor the activity consequences from other private or public school systems.

4. Notification:

- a. **Elementary/ Middle Schools:**
In addition to providing students with copies of Administrative Rule IDF-R (student) Code of Conduct (Elementary) or IDF-R (Student Code of Conduct [Middle School]), Elementary and middle schools should make participants in extracurricular activities aware of this Administrative rule.
- b. **High Schools:**
In addition to providing students with copies of Administrative Rule IDF-R (Student Code of Conduct [High School]), each high school should provide written notification of this Administrative Rule to all participants in extracurricular activities.

B. ALCOHOL/ILLEGAL DRUGS/INHALANTS: The District believes very strongly that using/possessing over the counter drugs or products to get high using/possessing alcohol; using/possessing illegal drugs; or using/possessing prescription drugs in an unauthorized manner at any time are a serious offense. Such use or possession by extracurricular participants is banned. **All misdemeanor driving under the influence (DUI)**

offenses will be dealt with according to this section. All felony DUI offenses will be dealt with under Section D, below. Offenses are cumulative at the high school level.

1st Offense:

- o The first offense suspension will begin on the GHSA start date for the next season with which the recognized athlete is affiliated.
- o If the student has not completed his suspension at the end of the season, the remaining days will be completed at the beginning of the next affiliated GHSA activity.

Once the student successfully completes the consequences assigned by the judge or agreed to by the student, including probation or diversion, the student may be permitted to participate in extracurricular activities. - c. If a student has been arrested or charged with an offense, but the matter has been expunged, sealed, removed from a student's record, treated as a "first offender" action, or the behavior has not been prosecuted (nolle prosequi), that student should present or obtain documentation as required by the school to determine the circumstances of the matter. These circumstances may not be sufficient to lift the student's consequences.

These circumstances may not be sufficient to lift the student's consequences.
